## 1,000 Lawyers And 10,000 Doctors File Lawsuit For Violations Of Nuremberg Code

MAY 24, 2021

**Sven-Allan Johansson** – A large team of more than 1,000 lawyers and over 10,000 medical experts, led by Dr. Reiner Fuellmich, has initiated legal proceedings against the CDC, WHO and the Davos Group for crimes against humanity.

Fuellmich and his team present the incorrect PCR test and the order for doctors to describe any comorbidity death as a Covid death – as fraud.

The PCR test was never designed to detect pathogens and is almost 100% inaccurate at 35 cycles. All PCR tests monitored by the CDC are set at 37 to 45 cycles. The CDC acknowledges that tests over 28 cycles are not allowed for a positive reliable result.

**This invalidates over 90% of the alleged Covid cases / “infections” detected by the use of this incorrect test.**

In addition to the incorrect tests and fraudulent death certificates, the “experimental” vaccine itself violates Article 32 of the Geneva Convention.

Under Article 32 of the 1949 Geneva Convention, “mutilation and medical or scientific experiments not required for the medical treatment of a protected person” are prohibited.

**According to Article 147, conducting biological experiments on protected persons is a serious breach of the Convention.**

The “Experimental” Vaccine Violates All 10 [Nuremberg Codes](#) – Which Carry The Death Penalty For Those Who Try To Break These International Laws:

### 1) Provides immunity to the virus

This is a “leaky” gene therapy that does not provide immunity to Covid and claims that they reduce the symptoms, but double-vaccinated are now 60% of patients who need ER or ICU with covid infections.

### 2) Protects the recipients from getting the virus

This gene therapy does not provide immunity and the double vaccine can still catch and spread the virus.

### 3) Reduces deaths due to viral infection

This gene therapy does not reduce deaths from the infection. Double-vaccinated people infected with Covid have also died.

### 4) Reduces the circulation of the virus

This gene therapy still allows the virus to spread because it gives zero immunity to the virus.

### 5) Reduces the transmission of the virus

This gene therapy still allows transmission of the virus because it does not confer immunity to the virus.

The following violations of the Nuremberg Code apply:

## Nuremberg Code # 1: Voluntary consent is important

No person should be forced to take a medical experiment without informed consent.

Many media, political and non-medical people urge people to take the injection.

They do not provide information about the negative effects or dangers of this gene therapy. All you hear from them is – “safe and effective” and “the benefits outweigh the risks.”

Countries use blockades, coercion and threats to force people to take this vaccine or are banned from participating in free society under the mandate of a vaccine pass or Green Pass.

During the Nuremberg trials, the media were also prosecuted and members were killed for lying to the public, along with many of the doctors and Nazis found guilty of crimes against humanity.

## Nuremberg Code # 2: Yields with fruitful results that cannot be produced by other means

As mentioned above, gene therapy does not meet the criteria for a vaccine and does not offer immunity to the virus. There are other medical treatments that give fruitful results against Covid, such as Ivermectin, vitamin D, vitamin C, zinc and strengthened immune system for flu and colds.

### Nuremberg Code # 3: Basic experiments as a result of animal experiments and natural history disease

This gene therapy skipped animal experiments and went directly to human experiments.

In mRNA research used by Pfizer – a candidate study on mRNA with rhesus macaques monkeys using BNT162b2 mRNA and in that study all monkeys developed pneumonia but the researchers considered the risk low because these were young healthy monkeys from 2-4 years of age.

Israel has used Pfizer and the International Court of Justice has accepted a requirement that 80% of recipients with pneumonia should be injected with this gene therapy.

Despite this alarming development, Pfizer continued to develop its mRNA for Covid, without animal testing.

### Nuremberg Code # 4: Avoid all unnecessary suffering and injury

Since the launch of the experiment and listed under the CDC VAERS reporting system, over 4,000 deaths and 50,000 vaccine injuries have been reported in the United States. In the EU, more than 7,000 deaths and 365,000 vaccine injuries have been reported. This is a serious violation of this code.

### Nuremberg Code # 5: No experiment should be performed if there is reason to believe that injury or death will occur

See No. 4, based on fact-based medical data, this gene therapy causes death and injury. Previous research on mRNA also shows several risks that have been ignored for this current experimental gene experiment. A 2002 study of SARS-CoV-1 nail proteins showed that they cause inflammation, immunopathology, blood clots and inhibit Angiotensin 2 expression. This experiment forces the body to produce this nail protein that inherits all these risks.

### Nuremberg Code # 6: The risk should never exceed the benefit

Covid-19 has a recovery rate of 98-99%. Vaccine damage, death, and adverse side effects of mRNA gene therapy far outweigh this risk.

The use of “leaky” vaccines was banned for agricultural use by the US and the EU due to the Marek Chicken study which shows “hot viruses” and variants appear... make the disease even more deadly.

Nevertheless, this has been ignored for human use by the CDC aware that the risk of new, more deadly variants arises from leaky vaccinations. The CDC is fully aware that the use of leaky vaccines facilitates the

emergence of hotter (more deadly) strains. Yet they have ignored this when it comes to humans

## Nuremberg Code # 7: Preparations must be made for even remote possibilities of injury, disability or death

No preparations were made. This gene therapy skipped animal experiments. The pharmaceutical companies' own clinical phase 3 studies will not end until 2022/2023. These vaccines were approved in an Emergency Use only action to force on a misinformed public. They are NOT FDA approved.

## Nuremberg Code # 8: Experiments must be carried out by scientifically qualified persons

Politicians, the media and actors who claim that this is a safe and effective vaccine are not qualified. Propaganda is not medical science.

Many stores such as Walmart & drive-through vaccine centers are not qualified to administer experimental medical gene therapies to the uninformed public.

## Nuremberg Code # 9: Everyone must have the freedom to end the experiment at any time

Despite the call from over 85,000 doctors, nurses, virologists and epidemiologists – the experiment does not end. In fact, there are currently many attempts to change laws to enforce vaccine compliance.

This includes mandatory and mandatory vaccinations. Experimental “sprayers” are planned every six months without using the growing number of deaths and injuries already caused by this experiment.

These update images will be administered without any clinical trials. Hopefully, this new Nuremberg trial will put an end to this crime against humanity.

## Nuremberg Code # 10: The researcher must terminate the experiment at any time if there is a probable cause for injury or death

It is clear from statistical reporting data that this experiment leads to death and injury. But not all politicians, pharmaceutical companies and so-called experts make any attempt to stop this gene therapy experiment from harming a misinformed public.

Legal proceedings are progressing, evidence has been gathered and a large growing group of experts is sounding the alarm.

I agree with DDrake's last statement! It is OUTRAGEOUS and INSULTING What the Government has done to We The People and this beautiful country. What is happening in America right now is right from the Cabal playbook on how to destroy a country. They are the ones behind every color revolution, every economic collapse , every installation of a dictator, every war!!!! ALL OF IT! These arrogant, evil bastards must be excised from all countries and all positions Like the festering, weeping, fetid tumors they are!!!! STAND UP AMERICA

There is a link below and my transcription of an interview that Alex Pierson of On Point did with Dr. Byram Bridle, an Associate Professor on Viral Immunology at the University of Guelph. He talks about new peer-reviewed studies that explain why the side effects such as heart inflammation, VITT, and other serious issues occur in those who have been vaccinated.

[https://omny.fm/shows/on-point-with-alex-pierson/new-peer-reviewed-study-on-covid-19-vaccines-sugge?in\\_playlist=on-point-with-alex-pierson!podcast&fbclid=IwAR07FOtg1pr8yIKi\\_iSs-buGdZUYE-R9wbhyAbb9f7TUlnZMkFVJJP2nhJMM#description](https://omny.fm/shows/on-point-with-alex-pierson/new-peer-reviewed-study-on-covid-19-vaccines-sugge?in_playlist=on-point-with-alex-pierson!podcast&fbclid=IwAR07FOtg1pr8yIKi_iSs-buGdZUYE-R9wbhyAbb9f7TUlnZMkFVJJP2nhJMM#description)

Dr. Byram Bridle:

As you said Alex, I'm very much pro-vaccine, but I'm always making sure that the science is done properly and that we follow the science carefully before going into the public roll out of vaccines. Um, I hope you will let me run with this a little bit Alex? I'll forewarn you and your listeners that the story I am about to tell is a bit of a scary one...Um, this is cutting edge science...there's a couple pieces of key scientific information that have become privy to in just the past few days that has made the final link so we understand now, myself and some key international collaborators. We understand exactly why these problems are happening and many others associated with these vaccines, and the story is a bit of a scary one so just brace yourself for this but I am going to walk you through this. The science that I am going to be talking about; uh, I don't have the time here to describe exactly the scientific data but let me assure you that everything that I am stating here, that I am going to state right now is completely backed up by peer reviewed scientific publication in well known and well respected scientific journals. I have all of this information at hand. I'm in the process of ? trying to put it all into a document that I can hopefully circulate widely; your listeners are going to be the first to hear the public release of this conclusion ?? science so this is what it is. The SARS coronavirus-2 has a spike protein on it's surface; that spike protein is what it allows to infect your body. That is why we have been using a spike protein in our vaccines. The vaccines we are using get the cells in our body to manufacture that protein. If we can mount an immune response against that protein; in theory, we can prevent this virus from infecting the body. That's the theory behind the vaccine. However, when studying the disease, severe Covid-19, everything that you just described; heart problems, lots of problems with the cardiovascular system, bleeding and clotting is all associated with severe Covid-19. And in doing that research, what has been discovered by scientific community is that the spike protein on it's on is almost entirely responsible for the damage to the cardiovascular system if it gets into circulation. Indeed, if you inject the purified spike protein into the blood of a research animal, they get all kinds of damage to cardiovascular system and it can cross the blood brain barrier and cause damage to the brain. Now at first glance, that doesn't seem too concerning because we are injecting these vaccines into the shoulder muscle. The assumption up until now has been that these vaccines behave like all our traditional vaccines. They don't go anywhere other than the injection site; so they stay in our shoulder; some of the protein will go to the local draining lymph node in order in order to activate the immune system. However, this is where the cutting edge science comes in and this is where it gets scary; ah, through a request for information from the Japanese Regulatory Agency, myself and several other international collaborators have been able to get access to a bio-distribution study. It's the first time ever that scientists have been privy to seeing where these messenger RNA vaccines go after vaccination; in other words, is it a safe assumption that it stays in the shoulder muscle? The short answer is absolutely NOT; it is very disconcerting. The spike protein gets into the blood, circulates through the blood in individuals; ah, other

several days post vaccination. It accumulates in a number of tissues such as the spleen, the bone marrow, ah, the liver, the adrenal glands. One that is of particular concern for me is that it accumulates in quite high concentrations in the ovaries and then a publication that was just accepted for a scientific paper for publication, to back this up looked at 13 young healthcare workers that had received the Moderna vaccine which is the other Messenger RNA vaccine we have in Canada and they confirmed this. They found that the spike protein in circulation (so in the blood of 11 of those 13 healthcare workers) that had received the vaccine. What this means, so we have known for a long time that the spike protein is a pathogenic protein. It is a toxin. It can cause damage in our body if it gets into circulation. Now we have clear cut evidence that the vaccines that make the cells in our deltoid muscles right manufacture this protein, that the vaccine itself plus the protein get into blood circulation. When in circulation, the spike protein combined to the receptors that are on our platelets and the cells that line our blood vessels. When that happens, it can do 1 of 2 things; it can either cause platelets to clump and that can lead to clotting. That's exactly why we have been seeing clotting disorders associated with these vaccines. It can also lead to bleeding and of course, the heart is involved. It's part of the cardiovascular system; that is why we are seeing heart problems. The protein can also cross the blood brain barrier and cause neurological damage; that's why also in the fatal cases of the blood clots, many times it is seen in the brain. Also of concern is there is also evidence of a study; this is not accepted for publication yet (this one); they were trying to show why the antibodies from the vaccine get transferred through breast milk and the idea was this may be a good thing as it would confer some passive protection to babies. However, what they found inadvertently was that the messenger RNA vaccines actually get transferred through the breast milk delivering the vaccine vector itself into infants that are breast feeding. Also, what we know spike protein gets into circulation; any spike proteins in the blood will get concentrated into breast milk. Looking into the adverse event database in the United States, we have found evidence of suckling infants experiencing bleeding disorders in the gastrointestinal tract.

Alex Pierson interrupts and tells Dr. Bridle to wrap it up

Dr. Byram Bridle continues:

So, this is implications for blood donations. Canadian Blood Services is saying that people who have been vaccinated can donate. We don't want transfer of these pathogenic spike proteins to fragile patients or transfused with that blood. This is implications for infants that are suckling and this has serious implication for people who SARS coronavirus-2 is not a high risk pathogen, and that includes all of our children. In short, the conclusion is we made a big mistake, we did not realize it until now. We thought the spike protein was a great target antigen. We never knew the spike protein itself was a toxin and a pathogenic protein. By vaccinating people, we are inadvertently innoculating them with a toxin. Some people this gets into circulation and when that happens in some people, it can cause damage especially in the cardiovascular system and I have many other...I don't have time but I have many other questions about the long term safety for this vaccine. For example, does it accumulate in the ovaries; one of my questions is will be rendering young people infertile?

Elite's Orwellian Agenda for 2021/22. TPTB and their EOA needs to be exposed and defeated. Orwellian? definitely, and if you are not sitting at their table, you are on the menu. The EOA is cleverly creating division and fear around the world. In terms of the war on Covid-19, this fearful war is promoted as our new peace, freedom has morphed into slavery and our ignorance is celebrated as strength. For the super rich, it's a winner-take-all final frontier, the final consolidation of global power and suppression. Can they get away with it? Not if we fight it. Support these heroic lawyers and doctors.

This is funny. This whole argument is built on the idea that these vaccines are "gene therapy" which they are not. They don't alter any human genes at all. Everybody is freaking out over something based on a total red herring.

As vaccinations increase, case numbers and deaths are going down, not up. Why is this being disputed?

Seems the only way to buy into this thinking is by firmly convincing yourself that down is up.

The vaccines may be experimental, but they actually have been approved by the FDA on an emergency basis. These vaccines, statistically speaking, are way safer than many, many pharmaceutical drugs people take all the time.

But, hey, freak out like vaccines are a new thing that never happened before and pretend there are massive waves of people dying if you want to shave a few years of life off your life expectancy just from sheer stress you are creating for yourself. Meanwhile, my friends have been vaccinated and have started to party and travel. Miraculously, they are not dead. Wow.

This comment is GARBAGE. NO VACCINE IS NEEDED TO "CURE" CV-19 – Prophylactic medications (HCQ for early stage and Ivermectin plus zinc for late stage infections) work. Why create a vaccine when there are already cures in existence? If you're a doctor, scientist or researcher present your credentials. If you're not you're advised to SHUT UP!

Fauci couldn't allow any valid treatments; because if there are effective treatments you can't enact FDA emergency approval for a vaccine, because it wouldn't be needed, due to effective treatments. this “whole argument” actually has very little to do with the so-called “vaccines” at all. It is about how there is not a single case of Corona-19 that can be proven in any court to exist. Period. And, given that as a truth, the lockdowns and shutdowns which hurt people all around the world have all been based on a fraud and the motive is obvious. This is about criminals not getting away with everything, up to and including, murder.

Many people ask what they can do??? For a Democrat Republic to survive citizens must be involved in community action. Here is a quick primer.

For those new to Civic Activism or experienced people who can lead civic activism. Take steps into civic activism.

- 1 – Form/join a Freedom Cell. Ideal size of a cell is about 8 people.
- 2 – The first cell goal may be just learning about civic activism techniques and government. Search for liberty minded people who do the nitty gritty work who will talk to your cell via Zoom meetings. Search out videos and books your group can study together. Don't dismiss the learning process. This joint learning will assist you in working in Freedom Cells throughout your civic action career. Learn with others.
- 3 – Cell members who know what their interest and skill set is may start forming a separate cell of likeminded people to work on their particular objective (like supporting home schoolers).
- 4 – When you have a 2nd cell of like-minded people to work toward an objective, study the power structure of the enterprise your cell wishes to work in. Investigate how the people in power get and hold that power: Can you work with them? Can your cell make headway in the enterprise your interested in? Don't burn out your members by working on undoable goals. Say your cell wants to support conservatives for a certain school board. Upon research your cell concludes that school district has never had a conservative on the school board and no prospects of any change. Might be better for your cell to select another school district where your efforts can be successful.
- 5 – Once your cell is engaged and working a time may come when interest in your cell's work will call for starting/splitting for a 3rd cell. Say your cell has joined the Local Republican Party. Your cell is working, being noticed and recruiting. Your cell grows from 8 people to 12 people to whatever. At some point consider splitting into that 3rd cell. Reason: a cell of 8 or maybe even 12 people is optimal for creativity and work division. The different Freedom Cells coordinate together but operate independently. And people will join and leave individual cells, but the cell continues its work for Freedom.

Start by dedicating a set amount of time each month to civic activity: say 4 hours per month.

Evil Corruption will never know what hit them. Watch the rest cower in fear, pissing their pants like the weak little girls they are. It is time to CRUSH the HEAD of this Demon-Possessed SNAKE, that has created every World War and everything in between, for their profit. 50 Million American Patriot SNIPER TEAMS will do just that. The People possess ABSOLUTE POWER to ENFORCE the Constitution – since THEY OWN IT. They will administer JUSTICE, as it also belongs to them. It was merely on loan until CORRUPTION overcame it. Now it resides within the hands of the People. No Force on earth can stop them. Enough is enough – “LOCK-STEP-TARGET-TREASON”-“ENFORCE THE CONSTITUTION”. It is what the 2nd Amendment was made for. You HAVE the right to choose for yourself, and always have, but since you were never taught the various Laws that apply, you do not know that the Govt. has NO POWERS beyond what the Supreme Law OF THE PEOPLE – THE CONSTITUTION – provides. There are the Civil Rights Laws, Title 18 Sections 241 and 242, and ADA Laws, to name a few. You are one of the “People”, as in “WE THE PEOPLE”, but have been brain-washed since childhood to believe that you are a “Citizen” of the Federal Govt., which has no Jurisdiction but within the boundaries of D.C.. They have Un-Lawfully USURPED their Powers, which IS Treason, stacking immense DEBT upon the backs of the People on behalf of the Bankers they UN-Lawfully gave the Power to print our money, to destroy our Sovereign reign over this Nation – which belongs to the People. “Sue the Govt” is Sue the People, who pay the Tax.
